The Honeymooners' Special
Private and warm ...be greeted
with a bottle of champagne or
wine, flowers, passion fruit and
chocolates bedside...

After a lo-o-ng day, you and your new partner need a break... privately, gathering your thoughts and taking a deep breath before you embark on your new life—one night and a morning to come together.

Bring your sweetheart to Lillie's Garden and enjoy all the warm little extras that are offered. Wake up to your favorite aroma for breakfast ---hot freshly baked muffins or breads, bacon, baked apples or pears. All this including delicious "Rene's" homemade jams served in the dining room where juice, hot coffee or tea await you.

You have more than one day? -- Browse our menu book for nearby restaurants -- Town & Country Café or The Cozy Inn are two places with a lovely atmosphere. The Capital Theatre often has wonderful live theatre productions, which is just a very short drive (or walk if it's a particularly lovely evening) away. Bikeride or walk down to the Conococheague Creek across the street on the lovely 137- year old campus where limestone buildings were the coveted style of the times. Horses lounge in corrals walking up to you for a nuzzle.

The Rose Room with soft petal pinks and mauves, and private bathroom are available for the honeymooners' rate of \$112.00 plus taxes per night. Advance reservation and deposit required.

Come make yourself at home and enjoy the best of town and country!
